

CVSMBC REPORT JUNE 2025

The Chalke Valley SMBC continues to run on a Monday night, and our member numbers now stand at 16. The players that joined us from the petanque club last year have become regular attendees, 1 member moved away from the area so no longer attends but the club continues the friendly competition every week

Our treasurers account currently stands at just over £500 and we had some expenditure over this year replacing equipment but have funds in place for league and club affiliation fees.

In addition to the regular club nights on a Monday we continue to compete in the Wiltshire Short Mat Bowls League in winter and summer leagues. Winter league was competitive and the summer league has just been running for a month or so.

We didn't organise friendlies with clubs from neighbouring counties as hoped last year but we have entered a few open tournaments in triples and fours formats locally. Whilst the results weren't great the experience was a good one and enjoyed by those attending.

Should you know of anyone who may like to try a new sport in a friendly environment please contact me, especially if you know anyone who might be feeling isolated or lonely that could do with some regular company, everyone at the club is very welcoming and we are happy to help complete beginners learn something new.

We have created a Facebook page for the club with information and news from the club. To view it search Chalke Valley SMBC, follow this link <https://www.facebook.com/groups/7236115463114496> OR scan the QR code below.
